ADVISORY: CIBC World Markets Annual Biotechnology & Specialty Pharmaceuticals Conference to Webcast Nektar Corporate Presentation

SAN CARLOS, Calif., Mar 30, 2006 (BUSINESS WIRE) -- Nektar Therapeutics (Nasdaq:NKTR) announced today that its corporate presentation will be webcast live by CIBC World Markets at its Annual Biotechnology & Specialty Pharmaceuticals Conference on Wednesday, April 5, 2006 beginning at 11:30 am Eastern time. The presentation may be accessed on Nektar's investor relations' page at www.nektar.com and will be available until April 19, 2006.

Nektar Therapeutics develops and enables high-value, differentiated therapeutics with its industry-leading drug delivery technologies, expertise and manufacturing capabilities. The world's top biotechnology and pharmaceutical companies are developing new and better therapeutics using Nektar's advanced technologies and know-how. Nektar also develops its own products by applying its drug delivery technologies and its expertise to existing medicines to enhance performance, such as improving efficacy, safety and compliance.
