

Nektar to Hold Conference Call to Discuss 52-Week Topline Results from the 16-Week Extension Treatment Period for its REZOLVE-AA Phase 2b Study of Rezpegaldesleukin in Alopecia Areata on April 20, 2026

April 19, 2026

SAN FRANCISCO, April 19, 2026 /PRNewswire/ -- Nektar Therapeutics (Nasdaq: NKTR), a clinical-stage biotechnology company focused on development of novel immunology therapies, today announced it will host an investor call and live webcast to review 52-week topline results from the 16-week extension treatment period of the ongoing Phase 2b REZOLVE-AA clinical trial of investigational rezpegaldesleukin, a regulatory T-cell (Treg) proliferator, for severe-to-very-severe alopecia areata on Monday, April 20, 2026 at 8:00 am ET / 5:00 am PT.

Conference Call

The results will be provided in a morning press release and presented during the webcast. Interested participants can access the live webcast at this [LINK](#).

The event, the press release and the slides will also be available on the events section of the Nektar website at <https://ir.nektar.com/events-and-presentations/events>. A replay of the webcast will be available for at least 30 days following the event.

About Nektar Therapeutics

Nektar Therapeutics is a clinical-stage biotechnology company focused on developing treatments that address the underlying immunological dysfunction in autoimmune and chronic inflammatory diseases. Nektar's lead product candidate, rezpegaldesleukin (REZPEG, or NKTR-358), is a novel, first-in-class regulatory T cell stimulator being evaluated in one Phase 2b clinical trial in atopic dermatitis, one Phase 2b clinical trial in alopecia areata, and one Phase 2 clinical trial in Type 1 diabetes mellitus. Nektar's pipeline also includes a preclinical bivalent tumor necrosis factor receptor type II (TNFR2) antibody and bispecific programs, NKTR-0165 and NKTR-0166, and a modified hematopoietic colony stimulating factor (CSF) protein, NKTR-422.

Nektar is headquartered in San Francisco, California. For further information, visit www.nektar.com and follow us on [LinkedIn](#).
