Explanation of Responses:

- Common stock was acquired pursuant to a grant of restricted stock units ("RSU"). Each RSU awarded represents a contingent right to receive, upon vesting of the unit, one share of Common Stock of the Issuer. These RSUs were granted on August 15, 2022 under the Issuer's Amended and Restated 2017 Performance Incentive Plan (the "2017 Plan") and at the time of their grant were subject to both performance-based and time-based vesting requirements. The time-based vesting is on a quarterly pro-rata basis over a period of three years from the date of grant.
- The Organization and Compensation Committee of the Board of Directors of the Issuer ("Compensation Committee") determined on November 18, 2024 that the performance-based vesting requirement for these RSUs was satisfied and these RSUs vested on December 13, 2024 (subject to remaining time-based vesting requirements).
- These stock options were granted on August 15, 2022 under the 2017 Plan and at the time of their grant were subject to both performance-based and time-based vesting requirements. The time-based vesting is on a monthly pro-rata basis over a period of three years from the date of grant.
- The Compensation Committee determined on November 18, 2024 that the performance-based vesting requirement for these stock options was satisfied and these stock options vested on December 13, 2024 (subject to remaining time-based vesting requirements).
- Stock options vest over four years from the date of grant, (December 13, 2024) in equal monthly installments based on continued service.
