## **Bank of America Health Care Conference to Webcast Nektar Corporate Presentation**

SAN CARLOS, Calif., May 12, 2006 (BUSINESS WIRE) -- Nektar Therapeutics (Nasdaq:NKTR) announced today that its corporate presentation will be webcast live from the Bank of America Conference beginning at 4:40 p.m. Pacific Daylight Time, on Tuesday, May 16, 2006. The audio-only presentation may be accessed on Nektar's Investor Relations' page at [www.nektar.com](http://www.nektar.com) and will be available within 24 hours following the live presentation until May 30, 2006.

Nektar Therapeutics is a biopharmaceutical company that develops and enables high-value, differentiated therapeutics with its industry-leading drug delivery technologies and expertise. The world's top biotechnology and pharmaceutical companies are developing new and better therapeutics using Nektar's advanced technologies and know-how. Nektar also develops its own products by applying its drug delivery technologies and its expertise to existing medicines to enhance performance, such as improving efficacy, safety and compliance.
