## **Advisory: Bear Biotech West Coast Confab to Webcast Nektar Corporate Presentation**

SAN CARLOS, Calif., Mar 20, 2006 (BUSINESS WIRE) -- Nektar Therapeutics (Nasdaq:NKTR) announced today that its corporate presentation will be webcast live from the Bear Biotech West Coast Confab, Thursday, March 23 beginning at 1:30 p.m. Pacific Standard Time. The audio-only presentation may be accessed on Nektar's Investor Relations' page at [www.nektar.com](http://www.nektar.com) and will be available within 24 hours following the live presentation until April 6, 2006.

Nektar Therapeutics develops and enables high-value, differentiated therapeutics with its industry-leading drug delivery technologies, expertise and manufacturing capabilities. The world's top biotechnology and pharmaceutical companies are developing new and better therapeutics using Nektar's advanced technologies and know-how. Nektar also develops its own products by applying its drug delivery technologies and its expertise to existing medicines to enhance performance, such as improving efficacy, safety and compliance.
